## Professional Experience

---

01.2024 – 06.2024  
Hamburg, Germany

### **Sustainability Analyst, Neumann Kaffee Gruppe.**

- Performed benchmark analysis of competitors' annual sustainability reports.
- Conducted research on EU and global sustainability regulations such as ESRS/CSRD, EUDR, and GRI.
- Supported sustainability reporting, emission calculations, and corporate social responsibilities.
- Collected and verified GHG emissions data using Wesustain (Cority).
- Created reports and presentations on corporate sustainability performance.

02.2023 – 07.2023  
Ústí, Czech Republic

### **ERASMUS Intern, Jan Evangelista Purkyně University.**

- Conducted field and pot experiments using Ryegrass and Miscanthus to evaluate soil carbon sequestration.
- Performed statistical analysis on soil microbial biomass and ecosystem dynamics.
- Presented actionable insights from research findings, highlighting the importance of species selection.

10.2022 – 01.2023  
Dresden, Germany

### **Student Intern, Technische Universität Dresden**

- Assessed geostatistical interpolation methods (IDW, RBF, EBK, Kriging) to analyze precipitation data.
- Analyzed catchment precipitation and flood volume data.

11.2016 – 10.2018  
Abeokuta, Nigeria

### **Environmental Analyst, Ogun State Ministry of Environment.**

- Managed waste management data and coordinated with multiple departments.
- Evaluated industrial facility reports on effluent discharge, air quality, and decibel levels.
- Coordinated outreach on waste management and climate change.

## Education

---

2020 – 2024 Dresden, Germany	<b>Master of Science in Hydro Science and Engineering,</b> <i>Technical University Dresden.</i> <ul style="list-style-type: none"><li>• Engineering concepts with a focus on sustainability and renewable energy applications</li><li>• Hydro Science and circular economy knowledge</li></ul>
2011 – 2016 Akure, Nigeria	<b>Bachelor of Technology in Meteorology,</b> <i>Federal University of Technology Akure.</i> <ul style="list-style-type: none"><li>• Climate change mitigation and adaptation</li><li>• Dynamical meteorology and numerical weather prediction</li></ul>

## Core Competencies

---

### Data Analytics & Programming Languages

R, Bash, MATLAB, Microsoft Excel, Power BI, QGIS

### Sustainability & Environmental Analysis

Carbon footprint assessment, emissions tracking, sustainability reporting, WeSustain (Cority), Life Cycle Assessment

### Project Management and Communication

Microsoft Word, PowerPoint & Teams, Asana, To Do, SharePoint

### Regulatory Compliance

ESRS/CSRD, EUDR, GRI, GHG Protocol, ISO50001, Health, Safety & Environment

## Languages

---

**English** — Fluent

**German** — Conversational

## Publications

---

2017	<b>Evaluation of Rainfall Simulations Over West Africa in Dynamically Downscaled CIMP5 GCMs</b>
------	---

## Courses

---

2025	<b>Workflow Specialist Certificate, Asana</b>
2023	<b>Data Analyst Certificate, Brainnest GmbH</b>
2019	<b>Health, Safety, &amp; Environment, Deeprimex Consulting</b>
